

**MetilLinx iSystem Enterprise 2.2**

The screenshot shows the MetilLinx iSystem Enterprise 2.2 application window. At the top is a menu bar with options: iSystem, Subnetwork, Users, Refresh, Backup/Restore, Wizards, Statistics, Log Off, and Help. Below the menu is a toolbar with icons for Node Listing, Graphic View, Monitor, and History Monitor. The main area displays a table of nodes:

Name	Kind	Alias	Latency	Enabled	Running
192.168.1.1	Plain Computer	AMESA2-FL	30	Yes	
192.168.1.2	Plain Computer	FGONGORA-2-FL	30	Yes	
192.168.1.3	Plain Computer	GUSTAVO-1-FL	30	Yes	
192.168.1.4	Plain Computer	GUSTAVO-2-FL	30	Yes	
192.168.1.5	SLO	METILINX-2-F	30	Yes	No
192.168.1.6	Plain Computer	METILINXTEST... 30	30	Yes	
192.168.1.7	SLO	192.168.2.14	30	Yes	Yes
192.168.1.8	SLO	RSANCHEZ-1-FL	30	Yes	Yes

At the bottom right of the interface, it says "Monitor File: User A PCI System: 192.168.2.83".
